Overview

Haverford College ranks 212 out of 257 schools in the 2026 College Free Speech Rankings, earning a score of 53 an F speech climate grade. The school still earns a “red light” Spotlight rating for restrictive speech policies and has not adopted the Chicago Statement or an official commitment to institutional neutrality.

Haverford places in the top 25 for both “Self-Censorship” and “Openness,” signaling that comparatively more students feel personally comfortable sharing ideas and engaging in difficult conversations. That strength is tempered by a bottom-50 ranking for “Political Tolerance,” suggesting reluctance to host speakers whose political views diverge sharply from campus norms. The combination points to a community that encourages individual expression yet remains wary of ideological diversity.

Haverford could improve by revising its speech codes to earn a “green light” Spotlight rating, as well as adopting the Chicago Statement and an official commitment to institutional neutrality.
