Overview

Georgia State University ranks 92 out of 261 schools in the 2027 College Free Speech Rankings with a score of 63, climbing 40 places from last year and improving to a D speech climate grade.

It ranks in the top 25 for "Comfort Expressing Ideas," showing students feel comfortable sharing views on controversial topics. The data shows no bottom 50 weaknesses.

Georgia State is part of the University System of Georgia, which has affirmed a statement on institutional neutrality. However, the campus retains a "yellow light" Spotlight rating. Georgia State should revise its student policies to earn a "green light" Spotlight rating and adopt the pro-free speech Chicago Statement. It should respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded. Doing so will demonstrate the university's commitment to free speech and build community trust that the administration will defend expressive rights.
