Overview

Louisiana State University ranks 57 out of 261 schools in the 2027 College Free Speech Rankings with a score of 65 and a D speech climate grade.

LSU ranks in the top 25 for "Political Tolerance," showing comparatively greater student willingness to host controversial speakers. However, the campus lands in the bottom 25 for "Openness," meaning many contentious topics feel off-limits to students.

LSU has adopted the pro-free speech Chicago Statement and an official commitment to institutional neutrality, but maintains a "yellow light" Spotlight rating. It should revise its student policies to earn a "green light" Spotlight rating. LSU should also respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded. Doing so will demonstrate the university's commitment to free speech and build community trust that the administration will defend expressive rights.
