Overview

Binghamton University ranks 190 out of 261 schools in the 2027 College Free Speech Rankings with a score of 58 and its sixth consecutive F speech climate grade. Its ranking includes a penalty stemming from the 2024 deplatforming of a guest just minutes before a scheduled interview on a student-run radio station.

The data shows no top 50 strengths or bottom 50 weaknesses among the measured student perception components.

Binghamton maintains a "yellow light" Spotlight rating. It should revise its student policies to earn a "green light" Spotlight rating, adopt the pro-free speech Chicago Statement, and adopt an official commitment to institutional neutrality. Binghamton should respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded. Doing so will demonstrate the university's commitment to free speech and build community trust that the administration will defend expressive rights.
