Overview

Bucknell University ranks 201 out of 261 schools in the 2027 College Free Speech Rankings with a score of 57 and an F speech climate grade.

Bucknell ranks in the bottom 25 for "Political Tolerance," showing reduced student willingness to host controversial speakers. It also lands in the bottom 50 for "Administrative Support" and "Comfort Expressing Ideas," indicating students doubt officials will defend speech and are uncomfortable sharing their views. The data shows no top 50 strengths.

Bucknell holds a "yellow light" Spotlight rating. It should revise student policies to earn a "green light" Spotlight rating, adopt the pro-free speech Chicago Statement, and adopt an official commitment to institutional neutrality. Given its weak showing on "Administrative Support," administrators should respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded.

Spotlight Rating
Yellow

FIRE's Spotlight database annually rates regulations on student expression based on the extent to which they restrict free speech.
