Overview

Villanova University ranks 247 out of 261 schools in the 2027 College Free Speech Rankings with a score of 53 and an F speech climate grade.

Villanova has no top 50 strengths. It lands in the bottom 25 for “Self-Censorship,” indicating students frequently stay silent, and tumbled 116 places from last year into the bottom 50 for “Political Tolerance,” showing reduced student willingness to host controversial speakers.

The campus retains a “red light” Spotlight rating. It should revise student policies to earn a “green light” Spotlight rating, adopt the pro-free speech Chicago Statement, and adopt an official commitment to institutional neutrality. Villanova should respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded. Doing so will demonstrate the university’s commitment to free speech and build community trust that the administration will defend expressive rights.
