Overview

University of Houston ranks 183 out of 261 schools in the 2027 College Free Speech Rankings with a score of 58 and an F speech climate grade.

The data shows no top 50 strengths or bottom 50 weaknesses across any student-perception component, placing the university's metrics entirely mid-pack. UH maintains a "yellow light" Spotlight rating and was penalized for canceling the opening ceremony of an art exhibit that included a planned speech by the artist.

UH should revise its student policies to earn a "green light" Spotlight rating, adopt the pro-free speech Chicago Statement, and adopt an official commitment to institutional neutrality. UH should respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded. Doing so will demonstrate the university's commitment to free speech and build community trust that the administration will defend expressive rights.
