Overview

The University of Texas at San Antonio ranks 67 out of 261 schools in the 2027 College Free Speech Rankings with a score of 65 and a D speech climate grade.

UTSA lands in the bottom 25 for "Openness," meaning many contentious topics feel off-limits to students. The data shows no counterbalancing top 50 strengths.

UTSA has adopted the pro-free speech Chicago Statement. UTSA is part of the University of Texas System, which has also affirmed a statement on institutional neutrality. However, the campus retains a "yellow light" Spotlight rating. UTSA should revise its student policies to earn a "green light" Spotlight rating. It should respond clearly and forcefully to defend free speech whenever censorship occurs or is demanded. Doing so will demonstrate the university's commitment to free speech and build community trust that the administration will defend expressive rights.
